

Greetings from the Mayor

On behalf of Halifax Regional Council, it gives me great pleasure to extend greetings and a special welcome to all involved with the 24th edition of the Canadian Chess Challenge taking place, for the first time in its history, at St. Mary's University, here in Halifax Regional Municipality, May 20th – 21st.

I wish to commend the Nova Scotia Scholastic Chess Association and Chess'n Math Association as well as recognize the dedication and commitment of the Organizing Committee, family members, educators, supporters, volunteers and sponsors who play an integral role in making this national competition a great success.

This celebrated event will see 120 young titleholders from across the country compete in challenging, high caliber chess. The Challenge promises to be exciting providing participants with welcomed competition and the opportunity to make new friends and fond memories.

Enjoy the spirit as you share in the enthusiasm of the 2012 edition of the Canadian Chess Challenge. I wish you all success and trust your experience will be truly memorable.

Respectfully, I remain

Peter Kelly
Mayor
